

“My identity was outed in the press—the *New York Times* chose to publish my name against my consent. It shattered my world, wiped out my finances, and left me with PTSD. When your private traumas are made public, you walk into every room knowing that people have already decided who you are before meeting you. You are labeled a witness, or a whistleblower, or a victim, or a survivor, and reduced to a headline. It was indescribably hard.”

Lauren O’Connor interviewed in *Vanity Fair*, “Weinstein Accusers on What Justice Looks Like,” January 30, 2020.
